What does sababa mean?

In both Hebrew and Arabic, the word Sababa is slang for "awesome", "fun" or "cool". But it originates from Arabic poetry and literally means "ardent love", or "fervent longing".

At **Cafe Sababa**, our mission is to offer an awesome, fun and cool culinary experience while creating within you an ardent love for our food and fervent longing to return to our restaurant again and again. Chef Doni Tamil does this by using his knowledge of **Mediterranean** and **middle eastern** flavors to create unique versions of traditional favorites.

We hope you have a sababa time!
